Revolutionizing the Power Chair Experience

QUANTUMREHAB.COM

LIFEATiLEVEL.COM
Quantum Rehab® is taking the "bad day" out of the power chair one chair at a time. As a global innovator we are creating a product that offers confidence and stability elevated at the speed of life. Our state-of-the-art facility has a robust team of experienced technicians who custom build each chair specifically to the individual consumer’s needs.

QUANTUM EXPERIENCES, PROUDLY MADE IN AMERICA

Quantum Rehab is taking the "bad day" out of the power chair one chair at a time. As a global innovator we are creating a product that offers confidence and stability elevated at the speed of life. Our state-of-the-art facility has a robust team of experienced technicians who custom build each chair specifically to the individual consumer’s needs.

Interactive Assist provides a direct, real-time connection from your power chair’s electronics to a provider’s programming station. The connection provides the technician with full system and diagnostic information along with tools, such as a real-time mirror image of the power chair’s electronics display.

Stealth Products® Cushions feature patented Coolcore® Technology, a chemical-free, 4-way stretch material that offers moisture wicking, moisture transportation, and moisture-evaporation properties. Our cushions also use a color guide that identifies the suggested HCPCS code and function family by a unique patch.

The ADI Q-Back, available on TRU-Balance® 3 Seating Systems, is offered in three configurations: Active Contour, Deep Contour, and Extra Deep Contour.

CUSHION FEATURES

The i-Drive® control system offers up to six input devices. The system includes software that can display real-time diagnostics data, such as the desired direction of motion, to help setup and verify configuration.

i-Fit positioning supports are a result of Stealth’s many years of experience in clinical seating and positioning, with close attention to the smallest detail of sizing, features and clinical benefits.
